

This letter is in response to the RFAI filed by the commission on March 24, 2006, in regards to our committee's Year-End Report (7/1/05-12/31/05)

1. Schedule A supporting Line 15 of our report discloses payments from non-registered political committees for access to an online voter file system and the sale of voter file data. The committee determined the usual and normal charge by taking three factors into account: 1. Total price of the voter file system to our committee, 2. Total amount of data being accessed through us by other committees, and 3. Price being charged for comparable data by venders within the state.

2. The committee acknowledges the Commission's comments regarding the solicitation and deposit of funds into a Federal account.

3. The transfer of the joint fundraising proceeds received during this reporting period from the ASDC Dollars for Democrats Program represents the committee's share of proceeds for contributions received during this or prior reporting periods. The memo entries for these contributions are included in this or a prior report of the committee.

4. Transfers to our non federal account were for cash-flow purposes and were not used to pay for federal activity.
